ADJECTIVES and ADVERBS

INTRODUCTION

Bir ismi tanımlayan sözcüğe sıfat (adjective) denir: a **pretty** girl **rainy** weather, **hardworking** students, a **difficult** question, etc.

Zarf (adverb) ise öncelikle bir fiili tanımlayan sözcüktür: speak **fluently**, walk **slowly**, cook **well**, play **badly**, etc.

Bir zarf bir sıfatı ya da başka bir zarfı da niteleyebilir: **very** hot weather, an **extremely** difficult question, **very** fluently, **unusually** quickly, etc.

Zarflar genellikle sıfatın sonuna "-ly" ekinin getirilmesiyle oluşur: *serious/seriously, bad/badly, extreme/extremely, etc.* Ancak, sıfat ve zarf biçimi aynı olan sözcükler de vardır: *fast, hard, late, early, etc.*

Sonu "-ly" ile biten her sözcük zarf olmayabilir. *Friendly, lovely, elderly* gibi sözcükler, sonu "-ly" ile bittiği halde sıfattır: *an elderly woman, a lovely day, a friendly voice, etc.*

Sıfat ve zarfın cümle içindeki görevi, kullanımları ve çeşitli sıfat ve zarf yapıları, bu sayımızın konusunu oluşturmaktadır. Şimdi bunları inceleyelim.

1- ADJECTIVES

1-1 Sıfat, bir sıfat tamlamasında (adjective + a noun), ismin önünde yer alır ve sayılabilir tekil isimlerle tamlamanın başında **a/an** kullanılır. Eğer sıfat sayılamayan bir ismi (*water, weather, work, etc.*) ya da sayılabilir çoğul bir ismi (*days, girls, students, etc.*) tanımlıyorsa **a/an** kullanılmaz.

He is **a good cook**.
She has **a round face**.
This is **hard work**.
I don't like to swim in **cold water**.
Those are **nice shoes**.
Our neighbours are really **friendly people**.

Sıfatlar yaygın olarak **be, become** ve **get** fiilleri ile kullanılır. **Seem, appear, look, feel, taste, smell** ve **sound** gibi duyu fiilleriyle de sıfat kullanılır. Çünkü bu fiiller bir eylem bildirmezler. Bir nesnenin durumunu ifade etmemizi sağlarlar.

be+adjective:

She **was** rather **plump** last year, but now she **is slim**.
The wages **are** rather **low**.

become/get+adjective:

She **got/became happy** when she learnt that she had passed the exam.

She **looks/seems/appears pale**. Is something wrong with her?

Seem ve **appear**'dan sonra **to be + adjective** de kullanabiliriz. **Look**'dan sonra **to + infinitive** gelmez.

The music **sounds** a bit **loud**.
I talked to her on the phone. She **sounded** ill.
The teacher in the next classroom **sounds** rather angry.

Look, feel, taste, smell ve **sound**, "like" ile birlikte kullanılırsa, devamında bir isim gelir.

Look like + a noun (resemble), benzetmek anlamındadır.

Feel like + a noun, "--- gibi hissetmek, --- gibi durmak" anlamını verir.

Although things were going badly, he **kept calm**.
Keep quiet, please. I can't concentrate on my work.

1-2 THE ORDER OF THE ADJECTIVES

Bazen bir ismi birden fazla sıfatla tanımlayabiliriz. Bu durumda sıfatları belli bir düzene göre sıralamamız gerekir. Bu konuda çeşitli kullanımlar bulunmasına rağmen, dilde yerleşmiş biçimiyle en yaygın kullanılan dizim şöyledir:

- size (*big, large, small, tall, short, long, etc.*)
- age (*young, old, etc.*)
- shape (*round, square, fat, slim, etc.*)
- colour (*white, black, green, etc.*)
- material (*plastic, cotton, wooden, woollen, etc.*)
- origin (*French, Russian, Turkish, etc.*)

a **small round** table
a **new woollen** sweater
an **old wooden** house
an **expensive Swiss** watch
a **tall thin** man
a **tall young** man

Eđer bu sıfatların dışında, *beautiful, nice, lovely, fine* gibi duygularımızı ifade eden sıfatlar varsa, bunlar sıralamanın en başında yer alır.

a lovely small wooden house
a nice old Turkish song
a clever little boy
an intelligent young Russian scientist

Pretty, bir başka sıfatın önünde yer alıyorsa ve aralarında virgül yoksa, "*çok, oldukça*" (quite, very) anlamına gelir.

Their daughter is a pretty tall girl. (quite/very tall girl)

Eđer pretty "*hoş, güzel*" anlamındaysa iki sıfat arasında virgül kullanılır.

Their daughter is a pretty, tall girl/a tall, pretty girl.

Sıfatların bu dizimi, bir sıfat tamlaması içerisinde önemlidir. Eğer sıfatları, tanımladıkları isimden sonra kullanıyorsak, bu sıra o kadar önemli değildir ve iki sıfat arasında "and" kullanmak gerekir.

İstanbul is **big and noisy**.
İstanbul is **big, noisy and crowded**.
She is **tall and thin**.
Their son is **clever and obedient**.

Eğer bu sıfatlar, aynı nesnenin birbiriyle çelişen yönlerini tanımlıyorlarsa, arada "but" kullanmamız gerekir.

İstanbul is **nice but polluted**.
Their son is **clever but disobedient**.
She is very **pretty but a little short**.

1-3 PRESENT AND PAST PARTICIPLES AS ADJECTIVES

Present ve past participle, bir fiil kökünden türeyip cümle içinde sıfat görevinde bulunan sözcüklerdir: **running water, an exciting story, stolen money, baked potato, etc.**

Present participle, fiil köküne "-ing" takısının eklenmesiyle oluşturulur: **developing countries, an increasing demand, a tiring job, a moving car, etc.**

Past participle, düzenli fiillere "-ed" eklenerek, düzensiz fiillerin ise üçüncü halini kullanarak elde edilir: **a damaged car, excited children, grilled chops, an unseen hand, a half-eaten apple, the recently found solution, etc.**

a) Bir ismin "-ing" li bir sıfatla mı yoksa "-ed" li bir sıfatla mı tanımlanacağı öncelikle o ismin **etkileyen (active)** ya da **etkilenen (passive)** taraf olmasına bağlıdır. Eğer tanımladığımız isim, o eylemin olmasına neden oluyorsa yani etkiliyorsa, o ismi "-ing" li bir sıfatla tanımlayabiliriz. Eğer tanımladığımız isim o eylemden etkileniyorsa, onu "-ed" li bir sıfatla tanımlayabiliriz.

His job **bores** him. ("bore" cümlelerin yüklemidir.)
His job is **boring**. ("sıkma" eylemine neden olan, yani etkileyen taraf "his job"dur.)
Onun işi sıkıcıdır.

He is **bored** with his job. ("bored" "he" yi yani "sıkma" eyleminden etkilenen tarafı tanımlıyor.)
O işinden sıkılıyor.

Science-fiction films **interest** her a lot.

2-1 FORMING ADVERBS WITH - LY

Pek çok durum ve derece zarfı, sıfatın sonuna "-ly" eklenmesiyle oluşur.

cold - coldly	whole - wholly	heavy - heavily
quick - quickly	true - truly	happy - happily
wise - wisely	full - fully	shy - shyly

Bazı sıfatların sonu **-ly** ile biter: *cowardly, friendly, likely, lovely, elderly, lively, lonely, silly, ugly*. Bu sözcükleri tek başına zarf olarak kullanamayız. Eğer, bunlardan birini zarf görevinde kullanmamız gerekiyorsa, **in a lovely voice, in a friendly manner, in a cowardly way** gibi bir phrase (sözcük grubu) kullanabiliriz.

He is a **cowardly** person. (adjective)
He acted **in a cowardly way**. (adverbial phrase)

İkinci cümledeki "*cowardly*", "*way*" sözcüğünü tanımladığı için yine bir sıfattır. Ancak "*in a cowardly way*" bir bütün olarak "*act*" eylemini tanımladığı için bir zarftır.

Well, birinin "sağlığı iyi" anlamında kullanılıyorsa bir sıfattır. "How are you?" sorusuna "I'm very good." biçiminde yanıt veremeyiz. Çünkü bu yanıt, "Ben çok iyi biriyim." anlamına gelir. Oysa "How" sorusu, insanlara ilişkin sorulduğunda, kişinin sağlığı hakkında bilgi ister.

How are you today? - I'm very **well**, thanks.

Eğer bir insanın nasıl biri olduğunu sormak istersek "What is he like?" sorusunu sorarız ve bu soruya yanıt verirken **good** sözünü kullanabiliriz.

BEFORE BECOMING WORLD FAMOUS

Burt Reynolds describes the day both he and Clint Eastwood were sacked by Universal Studios:
I was told I couldn't act, and Clint was told he talked too slowly and his Adam's apple was too big. As we were walking to our cars, we were quiet — but then, it's always quiet around Clint. Finally I said, "You're in trouble, Clint. I can take acting lessons, but you can't get a new Adam's apple."

3-2 SO THAT, SUCH THAT

a) **So + adjective/adverb:** *so warm, so beautiful, so expensive, etc.*
so fast, so carefully, so quickly, etc.

Such + a/an + adjective + a singular noun: *such a pretty girl, such a lovely day, such an absurd case, etc.*

Such + adjective + plural noun: *such pretty girls, such happy days, such expensive shoes,*

Such + adjective + uncountable noun: *such awful weather, such difficult vocabulary, such strong coffee, etc.*

So ve **such** niteledikleri sıfatın anlamını kuvvetlendirir. **Such**, sıfat tamlamalarıyla kullanılır. **So**'dan sonra bir zarf da gelebilir.

(Böyle insanlar)

b) **So** ve **such**, sıfatın ya da zarfın derecesinin umduğumuzdan az ya da çok olduğunu ifade ederken "**bu kadar, o kadar**" anlamında da kullanılır.

He **was** so weak that I **didn't think** he **could** carry the bag.
(Bu örneklerde neden ve sonuç aynı zamana aittir.)

("got annoyed" geçmişte gerçekleşmiş bir eylem. Ancak "don't think he will" present time'a ait.)

KNOWS HIS JOB

A wealthy matron was so proud of a valuable antique vase that she decided to have her bedroom painted the same colour as the vase. Several painters tried to match the shade, but none came close enough to satisfy the eccentric woman.

Eventually, a painter approached, who was confident that he could mix the proper colour. The woman was pleased with the result, and the painter became famous.

Years later, he retired and turned the business over to his son. "Dad," said the son, "there's something I've got to know. How did you get those walls to match that vase so perfectly?"

"Son," the father replied, "I painted the vase."

3-3 COMPARATIVE FORMS OF ADJECTIVES AND ADVERBS

a) Regular Inflection of Adjectives and Adverbs

Sıfatların karşılaştırmalı biçimini elde etmek için "-er" takısı ya da "more" sözcüğü kullanılır. Genellikle bir heceli ya da bazı iki heceli sıfatlar sonuna -er takısı alır.

big-bigger	long-longer	tidy-tidier	pretty-prettier
thin-thinner	short-shorter	happy-happier	dear-dearer
easy-easier	slow-slower	quick-quicker	early-earlier

Sonu -ing, -ed ve -s ile biten sıfatlar, kısa heceli de olsa sonuna -er takısı alamazlar. Bu sıfatların başına "more" getirilir.

tired-more tired	bored-more bored	serious-more serious
tiring-more tiring	boring-more boring	tedious-more tedious

Bazı iki heceli sıfatlar her iki biçimde de kullanılabilir.

simple-simpler/more simple	common-commoner/more common
narrow-narrower/more narrow	friendly-friendlier/more friendly
polite-politer/more polite	handsome-handsomer/more handsome

Çoğu iki ve daha fazla heceli sıfatlar başına "**more**" alır.

modest-more modest	careful-more careful	comfortable-more comfortable
hostile-more hostile	careless-more careless	beautiful-more beautiful
certain-more certain	frequent-more frequent	practical-more practical
content-more content	intelligent-more intelligent	efficient-more efficient

Sonu **-ly** ile biten zarflar başına "**more**" alır.

slowly-more slowly	quickly-more quickly	carefully-more carefully
easily-more easily	cleverly-more cleverly	comfortably-more comfortably

Sonu **-ly** ile bitmeyen **fast, hard, late** zarfları sonuna **-er** takısı alır.

fast-faster	hard-harder	late-later
-------------	-------------	------------

Ancak **often** bu kuralın dışındadır ve **more often** biçiminde çekimlenir.

Early ise, sonu **-ly** ile bittiği halde **earlier** biçiminde çekimlenir.

Karşılaştırma yapabilmek için iki öğeye ihtiyacımız vardır. İki insanı, iki nesneyi, iki yeri vs. birbiriyle karşılaştırabiliriz. Karşılaştırılan öğelerden ikincisine geçerken arada "**than**" kullanılır.

Istanbul is **bigger than** Ankara.
Ayşe is **more beautiful than** her sister.
Your house is **larger than** ours. (our house)
Her hair is **longer than** mine. (my hair)
She is **taller than** me.
He is driving **more carefully than** you.
I find basketball **more enjoyable than** volleyball.

Karşılaştırmayı yaparken, her iki nesnenin de tekil ya da her ikisinin de çoğul olması gerekmez. Şu örneği inceleyelim:

Istanbul is **bigger than** all the other cities in Turkey.

Bu örnekte, İstanbul'u Türkiye'nin diğer bütün şehirleriyle karşılaştırdığımız için, yine iki taraf vardır.

Ayşe is **more hardworking than** all my other students.
Ayşe diğer bütün öğrencilerimden daha çalışkandır.

He drives **more carefully than** his brothers.
Some people are **luckier than** others.

Aynı nesnenin farklı zamanlardaki durumunu da karşılaştırabiliriz.

Bugün hava dün olduğundan (dünkünden) daha sıcak. OR

It **was** cooler yesterday than it **is** today.
Dün hava bugünkünden daha serindi.

Last night, they **treated** us more sincerely than I **had expected**.
(Dün akşam bize, umduğumdan daha samimi davrandılar.)

I **used to go** to the cinema more often when I was at university than I **do** now.

Comparative yapıyı, belirtili bir nesne için kullanıyorsak, önüne **"the"** gelir.

- Which of those two is your English teacher?
- **The taller** (of them) is my English teacher.
- Of these two apples, can I take **the bigger** one?

Aksi takdirde **"the"** kullanılmaz.

My English teacher is **taller** than yours.
This apple is **bigger** than that one.

b) Irregular Inflection of Adjectives and Adverbs

Bazı sıfat ve zarfların çekimi, belirtilen kuralların dışındadır.

good (adj.) / well (adv.) = better	much = more
bad (adj.) / badly (adv.) = worse	many = more
far = farther / further	little = less

She is a **better** driver than I thought.
She drove the car **better** than I thought.
He is **better** at mathematics than his sister, but he is **worse** at physics.
He speaks English **worse** than anybody else in the classroom.

Good, **bad** ve **well** sözcüklerini "feel" ve "get" fiilleriyle kullanırken belli kısıtlamalar vardır. "Well" in, sağlığınıza ilişkin konuşurken "iyi" anlamında bir sıfat olduğunu görmüştük.

- How are you today/How do you feel today?
- I am well/I feel well. (not "good")

Eğer, hasta birine *"İyileşinceye kadar yatmalısın."* demek istiyorsak, **well** ya da onun comparative biçimi **better** kullanabiliriz. (**good** kullanamayız.)

You must stay in bed until you feel **well/better**.

Eğer hasta biri, *"Bugün kendimi kötü/daha kötü hissediyorum."* demek istiyorsa bunu şöyle ifade edebiliriz.

I feel **worse** today. (not "bad")

"Feel good/bad", kişinin ruh halini ifade etmek için kullanılabilir.

I feel **good**. (happy, pleased, etc.) I feel **bad**.(unhappy, displeased, etc.)

Get fiilinden sonra **good** ve **bad** kullanılmaz. Bunların comparative biçimi **better** ve **worse** kullanılır. "Get well" kullanımı da mümkündür.

She was very ill yesterday, but she is getting **better**.
Your English is getting **better**. (İngilizcen düzeliyor.)
The economic situation is getting **worse**. (Ekonomik durum kötüleşiyor.)
I hope you'll get **well** soon. (Umarım yakında iyileşirsin.)

Nicelik sıfatı olarak **much** ve **many** **"more"** biçiminde çekimlenir. **Little**'ın comparative biçimi **"less"**dir. **Few** düzenlidir. **"Fewer"** biçiminde çekimlenir.

You have **little** money, but I have **less**. (I have less money than you.)
I have **few** books, but you have **fewer** than me.
There were **fewer** people at the demonstration yesterday than at the previous one. (Dünkü gösteride öncekinden daha az kişi vardı.)

I think you have **more** money than all of us.
I guess **more** people will become unemployed in the days to come.
(Sanırım önümüzdeki günlerde daha çok insan işsiz kalacak.)

Zarf olarak **much** ve **little**'in comparative biçimi yine **more** ve **less**'dir.

I drove the car **more** than you did.
I used to read **more** than I do now.
She thinks very little, but her sister thinks **less**.

"**More**" gibi "**less**"de sıfat ve zarfları nitelemek için kullanılır.

This bed is **less comfortable** than the one I slept in last night. (Bu yatak, dün akşam yatığım yataktan **daha az** rahat.)

Bu cümleden çıkan sonuç "*yatakların ikisi de rahat, ama bu daha az rahat*"dır. Eğer bu cümleyi "*more uncomfortable*" ile ifade edersek anlam biraz değişir:

This bed is **more uncomfortable** than the one I slept in last night.
(Bu yatak, dün akşam yatığım yataktan daha rahatsız.)

Bu cümleden çıkan sonuç ise "*Yatakların her ikisi de rahatsız ama bu daha rahatsız*"dır.

Both a Mercedes and a BMW are expensive cars, but a BMW is **less expensive than** a Mercedes.

Far iki şekilde comparative yapılır: **farther** ya da **further**. Eğer **far**, "uzak" anlamında kullanılıyorsa comparative biçimi **farther** ya da **further** olabilir.

Your house is **farther/further** from the city centre than ours.

Further'ın bir anlamı da "more" demektir. Bu anlamda *farther* kullanılmaz.

I'll let you know as soon as I get **further** information. (**more** information)

OLDER AND ELDER

İki kişinin ya da iki nesnenin yaşlarını karşılaştırıyorsak "**older**" kullanılır. "*Abla, ağabey, büyük amca vs.*" gibi aile bireylerinden, daha büyük olanını ifade ediyorsak "**elder**" kullanılır. "*Than*" kullanılan cümlelerde **elder** kullanılmaz; çünkü "*than*" karşılaştırma yapar.

My **elder sister** lives in Germany. (Ablam Almanya'da oturuyor.)
Her **elder brother** doesn't allow her to stay out late.
(Ağabeyi, onun geç vakte kadar dışarıda kalmasına izin vermiyor.)

Older "daha eski" anlamında da kullanılır.

This car seems **older** than the one we tried out yesterday, and I'd prefer to buy the **newer** one.

c) İki nesneyi karşılaştırırken bazı zarflarla karşılaştırmanın derecesini azaltabilir ya da çoğaltabiliriz. Karşılaştırmalı bir sıfat ya da zarfı niteleyebilecek zarflar şunlardır: **far, much, a little, even, hardly, scarcely, almost, nearly, any, rather**. (*quite* ve *fairly*, comparative yapılarla kullanılmaz.)

Ankara is a big city, but İstanbul is **much/a lot/far** bigger than Ankara. (İstanbul Ankara'dan **çok** daha büyük.)

(..... ama **hiç de** daha iyi değil.)

Last night, I went to bed **rather earlier** than usual.
(Dün akşam, her zamankinden **oldukça** erken yattım.)

- d) Bir durumun sürekli değiştiğini vurgulamak için comparative adjective ya da adverb çift kullanılabilir: **more and more, faster and faster, better and better, more and more expensive**, etc. Örneklerde görüldüğü gibi, **-er** takısı olan sıfatların kendisi çift söylenir. Çok hecelilerde ise **more** yinelenir.

Everything is getting **more and more expensive**.
Her şey gittikçe pahalılaşıyor.

It's becoming **more and more important** to know a foreign language. (=It's becoming increasingly important to....)
Yabancı dil bilmek gittikçe daha çok önem kazanıyor.

More and more students are taking the university exam.
Gittikçe daha çok öğrenci üniversite sınavına giriyor.

It's becoming **harder and harder** to find a job.

- e) Karşılaştırmalı yapıyı, iki durumun birbirine bağlı olarak değiştiğini ifade etmek için de kullanabiliriz.

WHY ON THE DEAN'S LIST

When I received my grades from Harvard College, I was delighted that they were higher than I had expected, and I phoned to tell my parents. While I was on the phone with my mother, she shared the news with my 16-year-old brother, whose experiences with school were far different from mine. "Guess what, Jes? Your sister is on the dean's list!" "Wow!" he replied. "How could she get in that much trouble?"

3-4 COMPARISON WITH AS AS/THE SAME AS/DIFFERENT FROM

a) Sıfat ve zarflarda karşılaştırma yapabileceğimiz diğer bir yapı **as as/so as** kalıbıdır. **As as** kalıbı olumlu cümlede kullanıldığında eşitlik bildirir ve iki **as** arasında sıfatın ya da zarfın yalın hali kullanılır.

SPEAKING VOLUMES

Music for the wedding reception of my wife's nephew was being furnished by a young group, who obviously believed that loud is good. At one point, I was standing at the far end of the room, where the grandmother of the groom was trying unsuccessfully to carry on a conversation with another woman. Finally, in desperation, she caught the eye of the bandleader and beckoned him over. Shouting at the top of her voice, she asked, "CAN'T SOMETHING BE DONE ABOUT THE VOLUME?"

With an apologetic smile, he shouted back, "I'M SORRY, MISSIS. WE CAN'T DO ANYTHING MORE. IT'S TURNED UP AS HIGH AS IT WILL GO!"

3-5 SUPERLATIVE FORMS OF ADJECTIVES AND ADVERBS

a) Sıfat ve zarflarda en üstünlük derecesi "-est" takısı ve "most" sözcüğüyle ifade edilir. "-est" ve "most" un kullanımıyla ilgili kurallar "-er" ve "more" için belirttiğimiz kurallarla aynıdır.

pretty-prettier-prettiest	expensive-more expensive-most expensive
big-bigger-biggest	frequent-more frequent-most frequent
clever-cleverer-cleverest	pleased-more pleased-most pleased
carefully-more carefully-most carefully	
easily-more easily-most easily	
significantly-more significantly-most significantly	

Sıfat ve zarf biçimi aynı olan sözcüklerin çekimi şöyledir:

hard-harder-hardest	late-later-latest
fast-faster-fastest	early-earlier-earliest

Late'in comparative ve superlative biçimi iki şekildedir:

late-later-latest	late-latter-last
-------------------	------------------

"Geç-daha geç-en geç" anlamında "**late-later-latest**" kullanılır.

I usually get up **late**. My son gets up **later** than me and my husband gets up **the latest**. (adverb)
 He usually gets home on a **late** train. (adj.)
 Can we travel on a **later** train today? (adj.)
 The **latest** train we can get direct to Adapazarı is the 10.30. (adj.)

Latest, "son moda, en son" anlamında "**most recent, up-to-date**" ile eşanlamlı olarak da kullanılır.

Everybody at the party was dressed in the **latest fashion**.
 Partideki herkes son moda giyinmişti.

Have you read his **latest** book? Onun en son kitabını okudun mu?

Latter sadece sıfat olarak kullanılır ve arka arkaya sözedilen iki şeyden "*ikincisi, sonuncusu*" anlamındadır. İki şeyden "*birincisi, önceki*" anlamında "**former**" ile birarada sık kullanılır.

- There are two films on at the same time. One is a detective and the other is a romantic film.
- I'd prefer to watch **the latter**. I'd find **the former** too nerve-racking.
 Ben **ikincisini** izlemeyi tercih ederim. **Birincisini** fazla sinir bozucu buluyorum.

Bu cümlede "**latter**" söyleniş sırasına göre ikinci sırada yer alan "*romantic film*" yerine, "*former*" ise birinci sırada yer alan "*detective*" yerine kullanılmıştır. (former=first, latter=second)

Last, sıfat ve zarf olarak kullanılır ve "**first**" ile zıt anlamlıdır.

I **first** went to Germany in 1973 and I **last** went there in 1986. (adv.)
 Almanya'ya ilk olarak 1973'te, en son (son olarak) 1986'da gittim.

I will be **the last person** to leave the office. Who will be **the first**? (adj.)
 Bürodan en son ayrılan kişi ben olacağım. Birinci/ilk ayrılan kim olacak?

*"**Former**"ın bir anlamı da "*eski*" demektir: *in former times* (eski zamanlarda), *our former teacher* (eski öğretmenimiz/önceki öğretmenimiz). "**Former**" bir comparative değildir. "-er", sözcüğün yapısında vardır. "**Formerly**" bir zarftır ve "*eskiden, önceleri*" anlamındadır. "*I formerly worked as a secretary.*"

Düzensiz sıfat ve zarflar ise şu şekilde çekimlenir:

good/well-better-best	much-more-most
bad/badly-worse-worst	little-less-least
far-farther/further-farthest/furthest	few-fewer-fewest (düzenlidir)

b) Sıfat ve zarfların superlative biçimi, bir kişi ya da nesnenin, belirtilen özelliğe belli bir grubun içerisinde en üst ya da en alt düzeyde sahip olduğunu ifade eder. Superlative'in ötünde "the" kullanılır.

She is **the most hardworking student** in the classroom.
İstanbul is **the biggest city** in Turkey.
Our apartment building is **the tallest** in our street.
She has **the most money** among us.
Ayşe has **the least courage** of all the others.
She has **the fewest friends** in the class.

He is **the best player** in the team.
He drives **the most carefully** of all the drivers I know.
She speaks English **the best** of the three.
(Üçünün içinde İngilizceyi en iyi o konuşuyor.)

c) Tanımladığımız ögenin hangi ortamda en iyi, en kötü vs. olduğunu belirtirken, eğer bu ortam bir yer ise **in** kullanılır: **in the world, in Turkey, in our street**, etc. Zaman ya da bir grup ifade eden sözcük ise **of** kullanılır: **the happiest time of my life, the shortest month of the year, the most hardworking one of all my students, the most intelligent of us all, the most famous of all the Turkish writers**, etc. Grup ifade eden yapılarla **among** da kullanabiliriz: **the cleverest among us, the laziest among my students**, etc.

Mount Everest is the highest **in the world**.
February is the shortest month **of the year**.
Hande is the tallest **of all my students**.
Of all the contemporary writers, I like him best.

d) Superlative kullanabilmemiz için tanımlayacağımız nesnenin ait olduğu grubun en az üç öğeden oluşması gerekir. Eğer grup iki öğeden oluşuyorsa comparative kullanılır.

They have two daughters, and Ayşe is **the cleverer of the two**.

They have three sons, and Ali is **the most intelligent of the three**.

Bazı durumlarda comparative ile superlative kullanımını ayırt etmek güç olabilir. Şu iki örneği inceleyelim.

She is **more hardworking than all the other students in the classroom**.
O sınıftaki diğer bütün öğrencilerden daha çalışkandır.

She is **the most hardworking of all the students in the classroom**.
O sınıftaki bütün öğrencilerin içinde en çalışkandır.

Bu örneklerden birincisinde, "she", sınıftaki diğer öğrencilerin dışında tutulmuştur. Yani bir tarafta "she", bir tarafta "diğer öğrenciler" göz önüne alındığında, iki öğeden oluşan bir karşılaştırma yapılmıştır. İkinci örnekte ise "she" grubun bir üyesidir ve o grubun içinde "en çalışkan" olduğu ifade edilmiştir.

İstanbul is **bigger than all the other cities in Turkey**.
İstanbul is **the biggest city in Turkey**.

I consider his latest book to be **more successful than all his others**.
I consider his latest book to be **the most successful of all his books**.

e) **More, most** ve **least**, fiilleri nitelemek için de kullanılır.

She **most** fears that she may lose her job some day.
En çok bir gün işini kaybedeceğinden korkuyor.

I **more** want to have an early night.
Erken yatmayı daha çok istiyorum.

She usually comes when I **least** need her and doesn't when I need her **most**.
Genellikle ona en az ihtiyaç duyduğum zamanlarda gelir, en çok ihtiyaç duyduğumda ise gelmez.

Like, enjoy gibi beğeni ifade eden fiillerle "daha çok, en çok" anlamında **better** ve **best** de kullanabiliriz.

Of the two shirts, I liked the checked one **better**. (=more)
İki gömlekten, kareli olanını daha çok beğendim.

I like coffee **better than** tea. (=more than)
Kahveyi çaydan daha çok severim.

Of all the Turkish pop singers, I like Sezen Aksu **best**. (=most)
Türk pop sanatçıları içinde en çok Sezen Aksu'yu severim.

Hate, dread gibi olumsuz anlam taşıyan fiillerle **better** ve **best** kullanamayız. Bu tür fiillerle **more** ve **most** kullanabiliriz.

Among the martial arts I hate karate **most**.
"Do" sporları içinde en çok karateden nefret ederim.

f) Bir superlative'in önünde, normalde "**the**" kullanıldığını görmüştük. Ancak, "*his, my, this, that*" gibi başka bir sözcük kullanılıyorsa "the" kalkar.

His best book is his latest.
She is one of **my most hardworking students**.

g) **Oldest-eldest**

Oldest ve eldest arasındaki fark, older ve elder arasındaki fark ile aynıdır. Eğer bir kişi ya da nesnenin yaşça en büyük olduğunu ifade ediyorsak **oldest**, aile bireylerinden en büyük olanını ifade ediyorsak **eldest** kullanılır.

Who is **the oldest** student in this classroom?
The oldest representative came from China.

My eldest uncle is a lawyer.
My eldest brother is getting married next week.

h) **Most + adjective** , önünde "the" olmadan kullanıldığı zaman "**very**" anlamını verir.

A most strange thing happened the other day. (a very strange thing)
Geçen gün çok garip bir şey oldu.

You shouldn't miss that film. It's **most interesting**. (very interesting)

3-6 LIKE, AS, SUCH AS

a) **Like**, "similar to, for example, the same as" anlamını veren bir preposition'dır. Bu nedenle kendinden sonra bir **isim**, **zamir** ya da **gerund** gelebilir.

She is very beautiful indeed, **like an angel**. (melek gibi)

Work hard **like your father**. (Baban gibi)

This bed is too tough. Sleeping in it is **like sleeping on the floor**.

(Bu yatakta yatmak yerde yatmak gibi.)

Do you have any other books **like this**? (Bunun gibi başka kitapların var mı?)

Like'dan sonra **gerund**'ı, **like someone/something doing** biçiminde de kullanabiliriz.

We heard a loud noise last night. It sounded **like a bomb exploding**.
(Bomba patlaması gibi geldi.)

- Do you hear a noise in the kitchen?
- Yes, it sounds **like the tap dripping**.

Like'ın bu "gibi" anlamını **as** ile de verebiliriz. Ancak **as**'den sonra **subject + verb** kullanılır.

Work hard **like your father**. (baban gibi...)
Work hard **as your father does**. (babanın yaptığı gibi...)
My son wants to be a teacher **like me/as I am**.
Try to do it **like this/as I show you**.

b) **As + subject + verb** kalıbı farklı anlamlarda da kullanılabilir.

She passed the exam with a high grade, **as we expected**.
(We were expecting this already.)

As we all know, we'll face terrible conditions on this expedition.
(Hepimizin bildiği gibi...)
She did exactly **as she was told**. (She did what she was told.)
Aynen kendisine söylendiği gibi yaptı.

As I said before (*daha önce söylediğim gibi*), as we stated before (*daha önce belirttiğimiz gibi*), as it is known (*bilindiği gibi*), as it is expected (*beklenildiği gibi*), etc. bu şekilde yaygın olarak kullanılan ifadelerdir.

Passive ifadeleri kısaltarak **as + past participle** biçiminde kullanabiliriz.

As it is known very well = As known very well (çok iyi bilindiği gibi)
As it was mentioned before = as mentioned before (daha önce değinildiği gibi)
As it has been illustrated above = As illustrated above (yukarıdaki örnekte görüldüğü gibi)

c) **As**'den sonra bir isim kullanılabilir: **as an accountant, as a study, as a hospital**, etc. Bu kullanımıyla **as** "..... olarak" anlamına gelir ve bir benzetme yapmaz, gerçek durumu yansıtır.

He works **as an accountant** in a big firm.
Büyük bir şirkette muhasebeci olarak çalışıyor.

She has been working **as a teacher** for nearly ten years.

The news that she had passed the exam came **as a great surprise** to me. (It really was a surprise.)

Like + a noun ile **as + a noun** arasındaki farkı şu örneklerde inceleyelim:

As your mother, I want you to be successful.
Like your mother, I want you to be successful.

Bu cümlelerden birincisinde "*as your mother*", "*Ben senin annem ve **annen olarak***" anlamına gelmektedir. İkincisinde ise "*like your mother.....*", "*Annem senin başarılı olmanı istiyor. **Annen gibi**, ben de senin başarılı olmanı istiyorum.*" anlamını verir.

Just for Fun

GREAT EXPECTATIONS

My roommate was interested in a young man in her English-literature class, but she was too shy to let him know. One day she overheard him say he was on his way to the library for a certain book. She rushed to the library, found the book and stuck in it a letter from her mother.

"Why would he want to read a letter from your mother?" I asked.

"He wouldn't, but if he is any kind of gentleman, he'll return it to me." Her dorm and room number were on the envelope, of course.

The next day, he appeared with the letter and asked my roommate out on a date. "Couldn't fail," she later told me. "The book was Great Expectations."
